[REDACTED] ORD
Room 621 Ames

25X1A

Attached is a drop copy of the retyped cable [REDACTED] plus copies of the original message prepared in ORD. As I mentioned to you yesterday, the forms ORD used are outdated and the 1966 version should be used. The DDS&T Registry plans to send the Notice of Instructions on this type cable to Minnie for future reference and will also send a sample form.
